

# Food Safety Policy

Symphony Yoshida Sake Brewery Co., Ltd. is committed to brewing a high quality product that is safe and reliable for customers. It is our aim to maintain food safety by implementing the following policies.

1. Through strict compliance with national laws and regulations required for brewing sake, we will manufacture products that meet the needs of our customers.
2. To improve product quality and achieve food safety, we will maintain communication with our customers and suppliers, as well as with regulatory authorities.
3. We will share issues related to food safety within the company and provide training to raise employee awareness.
4. We will set goals based on the identification of internal and external issues, review them periodically, and sincerely strive for safe and reliable sake production.
5. To ensure that our food safety policy remains relevant, we will regularly check and review the adequacy of its content.
